

ONCORNET2.0

Final Symposium

31 August - 1 September 2023

Vrije Universiteit Amsterdam,
De Boelelaan 1108, Amsterdam

Marie Curie ONCORNET2.0 students are inviting you to a 1.5-day **symposium** where **renowned GPCR experts** and graduate students of our network will present their work.

Keynote speakers:

Tracy Handel, Michel Bouvier, Evi Kostenis, Albert Kooistra, Cristina Sanchez, and Paul van Bergen en Henegouwen

Register before 30/06/2023 on <https://oncornet.eu> or scan this QR-code. **Don't miss out and join us!**

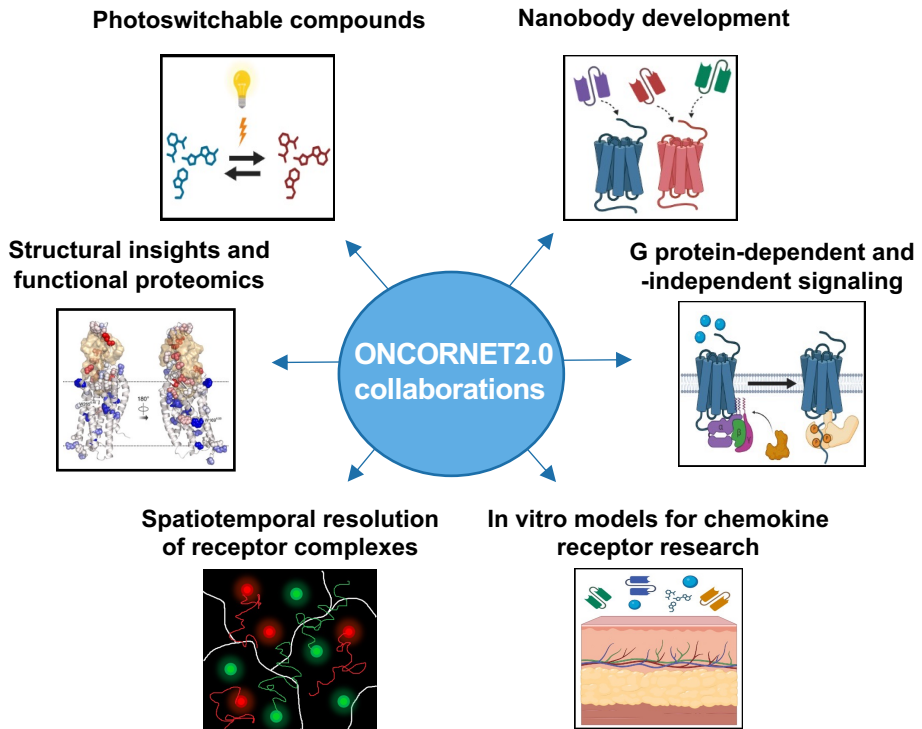

New insights.. new inspirations!

Join us for a **one-and-a-half-day symposium** as we connect you with the latest developments in the field of **oncogenic GPCRs**. Discover the latest research on **CXCR4 and ACKR3**, two chemokine GPCRs at the forefront of cancer research, conducted using state-of-the-art technologies.

You will be introduced to **ONCORNET2.0's** multi-faceted approach towards answering commonly asked GPCR-related biological questions, while putting **collaboration** at the forefront of our scientific mission.

Our program will cover topics such as:

We will be joined by **Keynote speakers** who will share their recent insights and expertise with these receptors and in the wider field of oncogenic GPCR research, as well as a **poster session**. **Follow the QR for more info, we are looking forward to your participation!**
